STANDARD PIANOS,
FROM THE PRIMA DONNA
OF
FRANCIS WILSON'S OPERA CO.

MESSRS. BARTLETT BROS., City.
GENTLEMEN:
I have long since heard of the famous qualities
that have made the KIMBALL PIANO the standard
of the world in the profession, but never
have I had a practical realization of the
same. Since my arrival in your beautiful city
one of these lovely instruments has been
comparatively silent and I can confidently say
that I find in the KIMBALL PIANO all that any
one could hope to expect. The tone, touch and
singing quality are all there in the height of
perfection.

The popularity of the piano is not to be won-
dered at, taking their many good qualities into
consideration, and I am pleased to add my tes-
timonal to the many that have preceded it.

Very Respectfully,

LAURA MOORE.

BARTLETT'S MUSIC HOUSE.

ON THE SLOPE.

Murderer Bruggy to Have Another Respite.

A San Francisco Girl Confesses to Many Acts of Incendiarism.

Port Townsend Customs Officers Make an Important Seizure.

The Victims of the Redding Lynching to Be Taken to Tulare County for Interment—The Salton Lake Rising.

By Telegraph to The Times.

SAN FRANCISCO, July 25.—[By the Associated Press.] George Bruggy, under sentence to be hanged at Santa Rosa next Saturday, was before Judge McRenna in the United States Circuit Court today on a writ of habeas corpus. His counsel stated that he proposed to test the question as to whether or not the Legislature had passed a law requiring all condemned prisoners to be executed at San Quentin but repealed the law for executions by the sheriffs.

Attorney-General Hart, who represented the State, said that he had no doubt the court had power to direct that the execution of Bruggy should not occur and said he would ask the Governor for another reprieve.

Judge McKenna set the case for hearing next Thursday afternoon and Bruggy was taken back to Santa Rosa.

A YOUNG FIREBUG.

A Little Girl Arrested on Six Charges of Arson.

SAN FRANCISCO, July 25.—[By the Associated Press.] Fire Marshal Towe this afternoon arrested a fourteen-year-old girl named Maggie Cummings on six different charges of arson, all of which were committed in the last two weeks.

The girl has been working in the family of Mrs. Eichwald, where all the fires took place. Reports of fires were so numerous in this house, which consists of six flats, that Towe investigated them. He found that all of them had been caused by a child or a crazy person. Last Friday evening Maggie was discharged and went to her home, where she made a full confession this afternoon. She used coal oil, and states that she set the fires in consequence of an uncontrollable desire to do so.

A Fleet Smuggling Craft Seized.

PORT TOWNSEND (Wash.), July 25.— The British steam launch Sibyl of Vancouver was seized today by the United States revenue cutter Wolcott after having landed thirteen smuggled Chinamen on Whidby Island. The Sibyl was commanded by two men, who were arrested and afterward released. This is one of the first seizures of craft in British waters, and the customs authorities believe she has brought hundreds of contraband Chinese from Victoria to the United States in the last fifteen months.

Pacific Mail's New Steamer.

SAN FRANCISCO, July 25.—The new steamer Peru, which has been completed by the Union Iron Works for the Pacific Mail Company, was turned over to the latter today and towed to their wharf. She is a splendid appearing vessel and will be placed in the China trade, although originally she was intended for work on the Coast. The company will start in to load her immediately.

Men for the Baltimore.

SAN FRANCISCO, July 25.—The new steamer City of New York arrived today from Panama. Among her passengers were Lieut. Hoogerwerf, Ensign Fahs, Gunner Trassell and sixty-seven sailors for the U.S.S. Baltimore. The men went to Mare Island Navy-yard, and will leave for Puget Sound, where the Baltimore is at present, on the next steamer.

The Redding Lynching.

REDDING, July 25.—Nothing new has developed in connection with the lynching of the Ruggles brothers, though a great many improbable stories are floating around concerning the affair. The father of the two boys wired the Coronet Sunday to embalm the bodies and hold them for shipment. They will be taken to Tulare county for burial.

The Salton Lake Again Rising.

YUMA (Ariz.), July 25.—The water is gradually filling up the lake at Salton again. The prospects are that the flow of water may not increase, but may continue for a month or more. It has already driven the salt company out of their works. The Colorado River is falling at the rate of about two inches in twenty-four hours.

Coming Record Meeting at Stockton.

STOCKTON, July 25.—The Stockton Agricultural Society today commenced preparing the kite-shaped track for the record meeting August 2 and 3. William Corbett has shipped about twenty horses from his San Mateo farm, to arrive here tomorrow. D. W. Reavis of Chico will send a lot, and a number are coming down from the valley points.

Fatally Burned.

PLACERVILLE, July 25.—The farmhouse of ex-Assessor E. Mortensen, near Coloma, was burned Friday night. Before Mortensen and his wife could escape from the building they were both seriously burned, and Mrs. Mortensen died from the effects of her injuries this morning.

Testimony for Alice Mitchell.

MURFIS (Tenn.), July 25.—Dr. B. F. Turner testified in the Alice Mitchell case today that he thought the prisoner inherited the same mental derangement manifested by her mother. She was undoubtedly insane and the killing was an act of insanity. He did not think the fact that a certain girl passionately loved another was evidence of insanity.

The Wagner Festival.

BATREUET, July 25.—A large audience gathered in the Wagner Theater today to hear the *Meistersinger*, the last in the first series of performances for this year. The production was elaborate, and the audience very enthusiastic. Many Americans were present, including Mr. and Mrs. Ellis Hughes, of Portland, Or.

A Tennessee Tragedy.

NASHVILLE (Tenn.), July 25.—This morning John Wynn, a farmer, chopped his wife and stepdaughter to pieces with an ax and then attempted to cut his own throat. No cause is assigned.

LAWER—Word was received late tonight that Wynne was taken from the officers by a mob and hanged.

A SCORE INJURED.
A Switch Engine Plunges into a Crowd of People.

CHICAGO, July 25.—[By the Associated Press.] A large crowd of colored people assembled at the Grand Central depot this morning bound for a picnic at Columbia Park. The platforms of the depot were jammed when a switch engine pulled in on the west track, having in tow a Baltimore and Ohio passenger train. The people on the platform say the engine was running twelve miles an hour. As it approached the end of the track, which terminated in front of a platform, Engineer Williams applied the air brakes to stop, but, for some reason they had no effect. He reversed his engine and tried to stop, but, being unable to do so, he hit him carrying him ahead. The train crashed through the bumper and into the platform, striking down a number of people. Great confusion ensued and some colored men wanted to lynch Engineer Williams, but the police rescued him. Nearly twenty people were more or less seriously hurt, and two of them, Mrs. Dina Carr and Henry Young, will die likely. Engineer Williams asserts that he was only running six miles an hour, and says some must have tampered with the valves of the air brakes.

LAID ON THE TABLE.

SENATOR VEST TRIES A LITTLE TRICK THAT WAS VAIN.

THE ANTI-OPTION BILL STILL DRAGGING ALONG IN THE SENATE—AN ATTACK ON THE WORLD'S FAIR IN THE HOUSE.

By Telegraph to The Times.

WASHINGTON, July 25.—[By the Associated Press.] Senator Mr. Vest introduced a joint resolution authorizing the President to offer to Great Britain, Germany and France, as an inducement to enter an international agreement for the free coinage of silver, a reduction of 25 per cent. in the tariff on textiles, hardware, earthenware and glass.

Mr. Vest's Resolution. The Anti-option Bill was then taken up. Mr. George addressed the Senate. He said that the New Orleans and New York cotton exchanges were composed of men who did not raise cotton, consume, or even handle it, and characterized their dealings as gambling.

Mr. Allison's Resolution. Mr. Allison presented the conference report on the Seward Civil Bill. It was voted down and its reading occupied a quarter of an hour.

Mr. Pettigrew's Resolution. The report was agreed to and a further conference asked on points on which there was no agreement.

Mr. Pettigrew's Resolution. The Anti-option Bill was then taken up. Mr. George addressed the Senate. He said that the New Orleans and New York cotton exchanges were composed of men who did not raise cotton, consume, or even handle it, and characterized their dealings as gambling.

A BIG BLAZE.

Furious Flames Sweep Over Bay City, Mich.

Block After Block of Buildings Reduced to Ashes.

Three Hundred Dwellings and Forty Business Buildings Burned.

Rumors of Great Loss of Life—One Person Known to Have Perished—The Losses Will Aggregate Over \$1,000,000.

By Telegraph to The Times.

BAY CITY (Mich.), July 25.—[By the Associated Press.] The greatest fire that ever visited Bay City started at 2 this afternoon in the lumber manufacturing establishment of Miller & Turner, on the west side of Water street at the foot of Twenty-ninth. A brisk southwest wind fanned the flames into a roaring conflagration and swept them across Water street in the settled district. The east side of Water street was built up with stores, hotels, etc., nearly all wood, and they burned like tinder. The wind increased as the flames progressed, and in an hour the fire had consumed Miller & Turner's entire plant, comprising a sawmill, salt works, dry kilns and a large quantity of lumber. The flames also traveled three blocks eastward, cutting a swath two blocks wide.

At this point the path broadened, and block by block was swept over with lightning rapidity. The houses and children rushed on engaged in removing furniture and other household effects. Every vehicle in the city adapted to the purpose was on the ground to assist in the removal of the goods.

I understand the Southern California World's Fair Association offers every facility for canning fruits, by furnishing glass jars, packages, surely every ranchman should have his own privilege and send for a few packages and tell him with his best fruits; as his label is placed on each jar and box his many friends in the East will then have an opportunity to buy his products.

Another feature I notice, which T. W. L. can put his organization to good use, is to offer to the public a certificate for the local country organizations which can be obtained by the citizen by giving to the association his name and address. This certificate will be issued to the members of the

AMUSEMENTS TONIGHT.

AT THE THEATER—Sam T. Jack's Creoles.

AT THE OPERAHOUSE—Haverly's Minstrels.

The Democratic press may call it the McKinley tariff if they will, but it is protection to American industry all the same.

The able suggestion is made that "imperial Caesar, dead and turned to clay, may stop a hole to keep ta-ra-boom-de-ray."

The first thing "Cleve" did when "Steve" arrived at Gray Gables was to invite him to inspect his new brand of fish-bait, and then they both uncorked a Bourbon smile.

It is now given out that the cruiser Cincinnati will be launched in October. It is said that her engines and machinery will be the most powerful put in the cruisers of her class.

The record of third parties since 1860 is unbroken. They have not captured the electoral vote of a single State in that period. It will continue unbroken another four years.

"I AM a Republican, and that is all I wish to say on that subject," quotes a Mugwump paper, as a remark of Chairman Carter. The remark was perfunctory, and seems to cover the case.

JONK COCKERILL's terrific onslaughts on Mr. Cleveland must be distressing to his business manager, who was formerly one of Mr. Cleveland's most enthusiastic officeholders in Missouri.

CAPT. W. L. MERRY says that the merchants of San Francisco are subscribing for Nicaragua Canal bonds "with gratifying liberality," but he declines to give names and specifications.

AWAY out West, says the New York Commercial-Advertiser, where there is much common sense to the square inch, a vote for the hybrid Third party ticket is considered an indirect vote for Mr. Cleveland's party.

JAMES G. FIELD, the Vice-Presidential candidate of the People's party, says that he does not remember to have said in a speech that he wished more Union soldiers had been killed in the late war, but he is frank enough to say that that is his sentiment at this time.

The title of "Barracks Hogs" in a Columbus (O.) paper does not refer to members of the known porcine family, but to the hogs of Columbus who go to the Barracks to listen to fine music free of charge, and then trespass on the grass, wearing sheep paths."

Exports of gold in 1891, \$77,123,000; in 1892, \$45,806,063. Imports in 1891, \$4,335,000; in 1892, \$6,307,512. The figures tell their own story in complete refutation of the inventions of the office hunters that the country is going into bankruptcy.

It is no wonder the Democrats hate the McKinley law. It has proved that every prediction they made about it was false. It has increased our export trade instead of decreasing it; increased our free imports instead of "shutting out trade," and, finally, it has cheapened prices and raised wages. The law is its own vindication.

The Stockton Mail, a straight Democratic free-trade paper, startled its readers last Saturday by coming out in favor of protection to a home industry. It declared itself editorially to this effect:

Professor Garner is on his way to Africa to hear monkeys talk and study their language. It seems a useless trip to take. The professor could have hired Denis Kearney to talk to him for half the money.

THE Democratic Congressmen who hurried to Homestead to gather ammunition against the McKinley law have returned to Washington empty-handed. Their first discovery was that the duties on articles manufactured at Homestead had been lowered instead of raised by the McKinley tariff. In the next place, they found the wages of skilled workers ranging from \$150 to \$278 a month, which was more of an income than the majority of the investigators had earned in private life. The best course for the Democracy to pursue is to denounce the McKinley law as a whole. When they venture to test it in detail their subsequent proceedings are invisible and inaudible.

of season, has been pursuing the empty baffle, the delusive *ignis fatuus*, the mocking *enigma* of a Congressional nomination which is worse than nothing unless followed by an election.

And now, while there is yet time, we give fair, earnest warning to all the delegates from all the counties who will assemble at Santa Cruz next Friday to discharge a high and sacred trust, that they cannot safely nominate Mr. Lindley; that the best judgment and the best choice of the best men in the Republican party of the great county of Los Angeles are against this nomination, and that if it is made the road to defeat will have been paved by partisan folly and personal madness.

On the other hand, the delegates who should assemble for deliberation and not for the unwise object of placing an unsafe candidate in nomination merely because he may have acquired a "pull" with the local machine, have it in their power to do the district, the State and the country some service by nominating a candidate who can be elected!

To avert political disaster is a necessity; to achieve political victory is a duty. These sound propositions THE TIMES again submits to the good sense, political sagacity and broad patriotism of the delegates to the Sixth District Republican Convention, asking them, for the sake of the common cause, to make no mistake in their choice of a candidate for Congress.

It is intimated that Calvin S. Brice's term as chairman of the Democratic National Committee cost him nearly \$500,000. If these figures are correct it is not so difficult to understand Brother Brice's modest refusal to accept a reelection. He knows when he has got enough.

AMUSEMENTS.

AT THE PLAYHOUSES.

Los ANGELES THEATER.—The creole bourgeoisie were greeted with another good night at the Los Angeles Theater last night and will appear again this evening.

ATTRACTION TONIGHT.—Haverly's Mastodon Minstrels will arrive this morning from Fresno and make their first appearance at the Grand Operahouse tonight. When E. M. Kayne, the versatile middleman, gives the order, "Gentlemen, be seated," there will, no doubt, be a house divided over whose capacity with the premier, who have come to warmly greet the veterans.

Billy Rice will start the fun in his inimitable way and explain the situation, followed by M. Hall, the comedian, and other comedians. M. Thatcher will sing "The Battle Queen," with tones like a pipe organ, then comes the second edition of the first part, in which the perennial gags are compounded by their absence. It concludes with a large and climactic finale. Major Murphy's Reception, in which some wonderful dancing is said to be the prime.

Harry Constantine. The solo is full of good things. Elwood, the male soprano, Logg and the Brian boys, the Wilsons, etc., concluding with the very funny operatic burlesque, "Bill Tronator."

The show is personally directed by the renowned minstrel monarch, J. H. Haverly.

COMING ATTRACTION.—Next Tuesday night the famous comedy company will present the latest success, *Gloriana*, which has proved one of the best attractions of the year.

POLITICAL POINTS.

"Illinois is doubtful!" The doubt is as to whether her Republican majority will be 35,000 or only 25,000.—[St. Louis Globe-Democrat.]

Jerry Simpson will probably not get back to Congress. Since he has been wearing socks his constituents think he has put his foot in it.—[St. Louis Republic.]

McGarrahan's popularity is affected by the immense number of requests coming daily to make addresses in all parts of the Union. He will be at Madison, Wis., on the 29th, and in Nebraska on August 2.

Mr. Cleveland thinks the fifteenth amendment to the Constitution "is a menace to the people of the South." Will he and his party attempt to repeal it or, simply, as now, make it null and void by its own violation?

The fact that Mr. Cleveland has taken to writing almost daily letters against the "Force Bill" bogey suggests a consuming anxiety to get away from the real issues of the canvass. But he cannot be accommodated.

McGarrahan will have to divide the proceeds of his award, whatever it may be, among so many people that his personal share will not be likely to run up into the millions.

AUGUST WEATHER.

Comparative Statistics Based on Fifteen Years' Observation.

The chief of the Weather Bureau directs the publication of the following data, compiled from the record of observations for the month of August, taken at this station during a period of fifteen years. The facts thus set forth will prove of interest to the public, as well as to the scientific student, showing as to what the customary weather is at this time.

Temperature—Mean or normal temperature, 73°. The warmest August was that of 1891, with an average of 75°.

The coldest August was that of 1880, with an average of 66°. The highest temperature during any August was 106°, on the 19th, 1885.

The lowest temperature during any August was 50°, on the 16th, 1883.

Precipitation—Average for August, 4.06 inches. Average number of days with 0.1 of an inch or more, 0.81 inches in 1889. The least monthly precipitation was .00 inches in 1873, 1878, 1879, 1882, 1888, 1891.

The greatest amount of precipitation recorded in any twenty-four consecutive hours was .61 inches on August 31, 1889.

Clouds and weather—Average number of cloudless days, 16. Average number of partly cloudy days, 14.

Average number of cloudy days, 1.

Wind—the prevailing winds have been from the west. The highest velocity of the wind during August was 22 miles on August 18, 1885.

Carter.

As a member of President Harrison's official family Mr. Carter is in complete accord with the President, and his conduct of the campaign will harmonize with the wishes of the latter. Mr. Carter is a shrewd politician and a splendid organizer. He has had experience, and he possesses sound judgment. That he will carry on a vigorous and energetic campaign goes without saying.—[Detroit Tribune (Rep.).]

Chairman Carter of the National Republican Committee is an Ohio man. It is therefore needless to say that he will get there or thereabouts.—[New York Press (Rep.).]

The Boston Herald, a Democratic paper, said editorially the other day that a rise in wages is directly opposed to the principles of free trade;" and the New York Sun also declares, "Free trade means lower wages."

Windham, Connecticut, says that the tariff is too high.

Chairman Thomas H. Carter is piercer, steel-gray eyes, and wears his whiskers on a long face in such a way as to make him look like the current caricature of Uncle Sam.

Stevens, the Copperhead, [St. Louis Globe-Democrat.]

The Golds' Circle flourished like a green bay tree in Southern Illinois during the early years of the war," said Thomas Stephenson at the Lindley. "They made a demonstration on Marion, but a few score old men and boys, armed with shotguns, easily assembled and gave them a standoff. They then made a demonstration on Charleston, but there encountered half-a-company

of boy soldiers, who chased them out of town. I have heard that Adalai was one of those who grabbed for military duty and missed it, but can only say of my own knowledge that he was generally regarded as a 'butternut,' or Southern sympathizer. The fact that he was a Democrat is strong presumptive evidence against him. While all Democrats were not traitors, certain it is that all traitors were Democrats."

MY SENTIMENTS.

Say, this is the reach of a party pass, When men can't tell the way they please, Thou'rt some silly brayin' ass, 'Li raise a Dickens of a breeze, An' blow aroun' and talk an' swear, Because he didn't git his share!

He order watch an' git his pile Before the sack gits out o' sight. I got my share; you better smile! I ain't a deejay, not quite! I got about an never quit Until I got all I could git!

I think you're showin' little sense To be so dirty, and you take to view;

An' that honest folk is take off!

Suppose we've got to work? Oh Lord! ferbid that it should come!

I'll immigrate an' be a Turk, An' her a harem too, by gum!

We strikers love the true heroes, Its views suit us a heap the best.

THE WARD STRIKER.

THE M'GARRAHAN CLAIM.

Congress Passes the Bill Referring It to the Court of Claims.

A recent paragraph in THE TIMES about this mass-backed case was true, with a qualification, Congress on the 18th inst. approved the McGarrahan claim, but sent the claimant to the Court of Private Land Claims to fight for his money. So, while the celebrated

In 1844, while what is now California still Mexican territory, Señor Manuel Micheltorena, Governor of Upper California, granted to Vincent Gomez a tract of land situated in the present counties of Fresno and Madera. It was then considered almost worthless.

The treaty of Guadalupe Hidalgo confirmed all this class of titles and McGarrahan claims to have purchased this land from Gomez in 1857. Soon after prospectors found valuable minerals on it, and it is alleged they took possession illegally, and from that time to the present there has been a continual contest between McGarrahan and the New Idria Mining Company for the possession of the land, the mining company being in actual possession as a claimant.

McGarrahan's bill has from time to

time been referred favorably by committees of Congress and has passed both Houses before it has been referred to it in the same Congress.

According to the report of Congress McGarrahan's title to the lands has been about the Capitol during the sessions of Congress, being on hand when the session began and never leaving until it ended. He is one of the most familiar figures of the Capitol, and he has become an object of interest to strangers, who have heard his name as a claimant.

The City Attorney's report was read and disposed of, the only matter of importance reported being:

An ordinance repealing a portion of ordinance No. 544 in regard to declaring as official a certain map of the extension of Fort street, which was adopted.

That of the Sewer Committee, recommending that the City Engineer be directed to prepare the necessary ordinance of intention to construct a sewer on Center Place, between First and Second streets, of such dimensions as to accommodate the Health Officer's report of July 18, was adopted.

Upon motion of Councilman Rhodes, it was ordered that the contractor for the paving of Center Place be requested to suspend work until after the contemplated sewer had been laid, it being understood that he will be granted a corresponding extension of time on his contract.

BASEBALL.

Indignation Over the Action of the League Magnates.

A Meeting to Be Held Wednesday Evening to Discuss the Admissibility of Disbanding the Club—President Vanderbeck's Talk.

"I feel just like a man who has been robbed," said President Vanderbeck yesterday in reply to the usual salutation and his tone gave emphasis to his words. He was stopped on the street by hundreds of people who were anxious to learn the latest phase of the big steal that is being engineered by the *Miners* of Northern California, magnates and indignation were pictured on the faces of those who listened to his recital. "The newspapers are our friends," continued, "and they denounced the proposed robbery.

"The protested game has not yet been taken from us, and we may yet get justice. A singular feature of this business is that Col. Robinson, who is supposed to be back of this protest, is not pushing it at all, and the whole scheme is being operated by a lot of jobbers who have no interest whatever in it other than to see Los Angeles done out of the pennies. I have heard a whole lot about corruption in the California League in the past, but I tell you I have had my share of it, and I will leave it to the people of this city as to whether the team will continue to play. The word 'robbery' does not begin to express the methods we have faced in the past three weeks. We fairly won two of the games played at San José, and got our first square deal from the umpire last Saturday, but on Sunday *Gaggs* was simply rank, and we got the ragged end at every point.

"Sunday evening I felt determined to get a game from the league, and the members of the club all urged me to have this thing decided before we play another game. But I am here to suit the people of Los Angeles, and did not want to act hastily in the matter. The Athletic Club has kindly tendered the use of its rooms Wednesday evening, and I would like to have a rousing meeting there of all the local patrons of the game. I will then leave it to them whether we will go ahead as we have, and continue to be bounced, or whether we will do something else. This jobbery has gone far enough to me, and unless the Los Angeles people assert themselves they will be pushed during the next season, as they have been lately."

"We must enter a protest in such a shape that it will not be ignored, and not send up a petition which will be turned over to an umpire to

THE COURTS

Supreme Court Opinions Received for Filing.

Final Decisions Handled Down in Eleven Cases.

Another Large Lot of Aliens Admitted to Citizenship.

Bult Over the Waters of the Big Rock Creek—Church Allowed to Mortgage Property to Pay Off its Debts.

Another lot of opinions was received from headquarters by Deputy Clerk Ashmore of the Supreme Court yesterday for filing in this city.

In all there were eleven cases, each of which has been decided as follows:

John Rebman (respondent) vs. San Gabriel Valley Land and Water Company (appellant). Judgment affirmed. This is an appeal from a judgment of \$828.24 for a balance found to be due plaintiff for work, labor and material furnished defendant in building an hotel, laundry and gas-house, etc., upon the judgment roll containing a bill of exceptions, raising questions of law and fact.

Emeline Childs, executrix (respondent), vs. C. A. Lanterman et al. (appellants). Judgment and order affirmed. This is an action to quiet title to a piece of land which appellants claim lies within the boundaries of the Rancho la Cañada, while the respondent contends that it does not. The defendants appealed from a judgment in favor of plaintiff and from an order denying their motion for a new trial on the ground of newly discovered evidence.

Maria L. Meyers (respondent) vs. Lorenzo Trujillo (appellant). Judgment affirmed. The Superior Court is directed to allow respondent \$100 damages as a part of the costs on appeal.

This was an action in ejectment, which resulted in judgment for plaintiff, from which defendant appealed. There being no bill of exceptions or other record of any error in the court below and appellant not having filed any brief or points and authorities in support thereof, the appeal is manifestly without merit.

Jertrudes de Penna (respondent) vs. Juan Trujillo (appellant). Judgment affirmed. The Superior Court is directed to allow the respondent \$100 damages as part of the costs on appeal.

This also was an action in ejectment, in which defendant before the trial filed a disclaimer of any interest in the land sued for. Judgment was rendered for plaintiff, from which defendant appealed, but his appeal is manifestly without merit for the same reasons set forth in the preceding case.

Myer Siegel, an insolvent (respondent), vs. his creditors (appellants). Order appealed from affirmed. Respondent died in his insolvent estate on May 24, 1890, and was thereupon adjudged to be an insolvent debtor. In due time he applied for a discharge from his debts, but two of his creditors, Walter M. Kirtick and Jacoby Bros., opposed the discharge on the grounds that respondent had been guilty of fraud, in that on April 5, 1890, he, by false representations as to his financial standing, induced Patrick Bros. to sell him goods valued at \$95 on four months credit; and also for eight years prior to the filing of his petition he was a retail dealer in boots and shoes but did not during that time keep proper books of account.

City of Santa Barbara (respondent) vs. Eldred (appellant). Judgment and order reversed, and cause remanded for new trial. This action was brought in the police court of Santa Barbara to recover city taxes against defendant's property at the rate of \$1.50 per \$100. A demurral to the complaint was overruled, whereupon he filed a counterclaim, setting forth among other matters, that the County Council had no power to levy such tax; that the same was illegal and void, and asking that the action be transferred to the Superior Court for trial under the provisions of section 88 of the Code of Civil Procedure. This application was denied, and the Court, proceeding to hear the case on its merits, rendered judgment for plaintiff for the sum demanded and costs. An appeal was taken to the Superior Court from this judgment on questions of both law and fact, and judgment was again rendered in favor of plaintiff. A motion for a new trial, based upon a statement of the case being denied, this appeal was prosecuted. The Supreme Court holds the judgment of the Police Court to be valid, as it had no jurisdiction to try the case upon its merits, and it necessarily follows that the Superior Court had no appellate jurisdiction to try it at all.

Charlotte Creswell et al. (appellants) vs. William H. Welchman et al. (respondents). Judgment and order affirmed. This is an action to cancel and set aside a deed executed by plaintiff to her husband and his wife on the ground that undue influence had been exercised with the intent of defrauding her. Plaintiff, then Charlotte Bath, a widow and nearly 70 years of age, who lived on a farm of thirty-seven acres in Ventura county, and also owned a lot at Santa Paula, requested the defendants to come from New Jersey and live with and take care of her in the winter of 1888. They arrived at her home in February, 1889, and soon afterward she executed a deed conveying all her property to them for mutual consideration, reserving life estate therein for herself. In January, 1890, however, defendant left her house, claiming that she compelled them to do so, and on the same day John E. Creswell, a stranger, called at the house and asked for work. The old woman took him in and on March 12 married him, and soon afterward this suit was commenced. Judgment was, however, entered that plaintiffs take nothing by their action, the deed being unquestionably valid.

John E. High (appellant) vs. Bank of Commerce (respondent). Judgment reversed. This was an action brought by plaintiff as assignee of a judgment against N. A. Comstock, Carl Trotsche and W. E. High against defendant as garnishee of Comstock and Trotsche, in proceedings supplemental to execution. A demurral to the effect that the pleading in question did not state facts sufficient to constitute a cause of action was sustained, and judgment rendered thereon for defendant.

Peter Wall (appellant) vs. F. H. Head (respondent). Order appealed from reversed. This was an action brought by plaintiff as assignee of a judgment against N. A. Comstock, Carl Trotsche and W. E. High against defendant as garnishee of Comstock and Trotsche, in proceedings supplemental to execution.

A demurral to the effect that the pleading in question did not state facts sufficient to constitute a cause of action was sustained, and judgment rendered thereon for defendant.

K. Alber et al. (appellants) vs. the San Diego Street Car Company (respondent). Judgment reversed, and Superior Court directed to enter a judgment upon the findings in favor of plaintiff as prayed for. This was an action for specific performance of a contract.

State of Lamb. Order appealed from reversed. This is an appeal from

an order setting apart to George W. Lamb, the surviving husband of deceased, upon his petition therefor, a homestead of 160 acres of land, the appellant being his father-in-law.

ADMITTED TO CITIZENSHIP.

Upon producing the necessary proofs of residence here, and taking the requisite oaths of renunciation and allegiance, the following thirteen foreigners were duly admitted to citizenship of the United States by Judge Shaw yesterday: Charles J. Hoy, Chas. Hoffman, Fred Odeman and Fred Amann, Germans; Joseph Rossi, Alois Arnett and Jean Tankhauser, Swiss; Josef Lauterbach, a Bavarian; Oscar E. Berg, a Swede; John K. Chalmers, a Scotchman, and John M. C. Hanover, an Englishman. Judge Smith performed a like service for John Roach, an Irishman, and Herman Hesse, a German.

TAKEN UNDER ADVISORSHIP.

The case of the Big Rock Creek Irrigation District vs. J. Schoenaker et al., an action to enjoin defendants from diverting the waters of the Big Rock Creek, came up for hearing before Judge Shaw yesterday afternoon on demurrer, and at the close of the argument thereon was submitted, and the Court taken under advisement.

Court Notes.

The Methodist Episcopal Church of San Pedro was granted permission by Judge Shaw yesterday to mortgage its real estate for the purpose of raising funds with which to pay off its indebtedness.

Judge Shaw yesterday denied the motion for a new trial in the case of the town of Santa Monica vs. Eckert & Hopf, an action to recover money alleged to be due for a saloon license.

The defendants in the case of Niles R. Folsom vs. John P. Jones et al., an action to quiet title to a lot at Santa Monica, having filed a disclaimer therein, judgment was ordered for the plaintiff by Judge Shaw yesterday morning.

New Suits.

Among the documents filed with the County Clerk yesterday were the preliminary papers in the following new cases:

Harriet J. Watson vs. the city of Los Angeles; suit to recover \$1,960, being the estimated value of gravel converted by defendant to its own use from plaintiff's premises of Fox Hill.

William Sturges vs. E. L. Baker; suit to recover possession of a tract of land in Rancho La Brea, for \$800 damages and \$50 rent.

E. H. Kincaid et al. vs. John G. Nichols et al.; suit to quiet title to a tract of land on Pearl street.

Petition of W. H. D. Nicholson for letters of administration to the estate of Ellen T. Curtis, deceased, who died on January 23 at Hoboken, N. J., leaving real and personal property valued at \$600.

Today's Calendar.

DEPARTMENT ONE—Judge Smith. People, etc., vs. P. K. Jacoby; manslaughter, for sentence.

People, etc., vs. Sam Hamilton; appeal for hearing.

DEPARTMENT TWO—Judge Clark.

State of Mary C. Hollingsworth, deceased; will. Estate of John P. Culver, deceased; will. Estate of Herman Stephenson, a minor; return sale ready.

Estate of Bridget A. Way, deceased; distribution.

Estate of Louis A. Barthel, deceased; return sale ready.

Estate of William Van Every, deceased; letters.

Estate of John Prince, deceased; will.

Estate of Felicia Capistran, deceased; letters.

Estate of Jesus Yorba, deceased; letters.

Estate, etc., of Norberto de Autels, a minor; annual account.

Estate of Sophia A. Keyes, deceased; annual account.

Estate, etc., of Weingarth minors; annual account.

Estate of H. S. Parcells, deceased; final account.

Estate of John E. McCrary, deceased; distribution.

Estate of W. J. Cromwell, deceased; letters.

Estate, etc., of Manuela Ornelas, a minor; citation.

Estate of Belle L. Prentiss, deceased; letters.

Estate of Maria Claudio, deceased; citation.

DEPARTMENT FIVE—Judge Shaw.

Emile R. D'Artois vs. Walter L. Webb; appeal.

Departments Three, Four and Six adjourned until August 22.

Licensed to Wed.

Marriage licenses were issued at the County Clerk's office yesterday to the following persons.

William Wills, a native of England, 82 years of age, of Chicago, to E. Lilla Lewis, a native of Illinois, 30 years of age, of this city.

Posey Horton, a native of California, 80 years of age, to Mattie Allen, also a native of California, 19 years of age; both residents of Calabasas.

William Winner, a native of Germany, 34 years of age, to Margarita Kretz, also a native of Germany, 34 years of age; both residents of this city.

W. M. Rice, a native of California, 21 years of age, to Allie L. Applegate, a native of Oregon, 22 years of age; both residents of this city.

Joseph Lemberger, a native of Wisconsin, 27 years of age, to Emma Moat, a native of Oregon, 18 years of age; both residents of this city.

S. Maddison Reynolds, a native of Indiana, 88 years of age, to Lizzie Adair, a native of New York, 29 years of age; both residents of this city.

The certain and speedy cure and preventive for Gonorrhœa, Gleet, Seminal or Muscus Discharge, Jaundice, Bright's Disease, positive in 5 to 10 days when all other remedies fail, no matter how long standing the disease may be. The medicine is safe, and sure cure never known to fail. Take no other. For sale by all druggists at \$2.00, or sent upon receipt of price by SMITH BROS., Druggists, Fresno, Cal.

Great Reductions in Rates

FROM APRIL 1ST TILL DECEMBER 1st, 1892, ARE OFFERED AT THE

Hotel del Coronado

America's Peerless Seaside Resort

As a summer resort it is without a rival. Its glorious climate, superbly healthful, its many other sports and amusements combined with every convenience, make it a great place to go to, and to stay in.

Under a glass roof, are the finest and most elegant in California, having large, airy, well-lighted rooms, with every convenience attached.

BUSINESS.

FINANCIAL AND COMMERCIAL.

OFFICE OF THE TIMES,
LOS ANGELES, July 25, 1892.

A San Francisco dispatch gives the following account of the new method of selling fruit in that market: "The auction system of disposing of California fruits was inaugurated this morning by Auctioneer Steinbogen at the Jackson street wharf. Despite the early hour, which the sales took place the wharf was crowded. Berries of all kinds are dull. The dried fruit market is quiet.

The market for dairy produce shows some improvement, especially for fancy fresh butter. Eggs also show a decided increase. All California ranches and choice Eastern are firm and upward in tendency.

The vegetable market is fairly active. Supplies of all kinds are abundant and lower in tendency.

Grain.

SAN FRANCISCO, July 25.—[Special to THE TIMES.] The local fruit market is quiet and rather unsettled, owing to the new method employed in holding auction sales. The market is dull, but morning and the values realized were about the same as Saturday's quotations in the regular market. Berries of all kinds are dull.

The dried fruit market is without change.

The market for dairy produce shows some improvement, especially for fancy fresh butter. Eggs also show a decided increase. All California ranches and choice Eastern are firm and upward in tendency.

Fruits.

CRAN APPLES—75¢ to 1.25.
APRICOTS—\$1.00 per box; baskets, 30¢ to 50¢.

LEMONS—16¢ per box; baskets, 25¢ to 40¢.

LIMONS—Sixty, 50¢ to \$1.00; California, 1.00¢ to \$2.00 for common and 2.50¢ to 3.50 per box.

APPLES—32¢ per basket, 1.00¢ per box. The sales were voted a success.

The Mark Lane Express in its weekly review of the English grain trade says: "English wheats are higher, averaging 50s foreign advanced." The market stiffened. Flour was in demand and 3d higher. There were increased dealings in corn. American selling 21s 6d. Barley was 9d higher. Oats 1s 6d. Barley was 9d higher. Wheat 1s 6d. Foreign wheats were readily taken at 6d higher; foreign were 6d dearer for Indian, others were unchanged. Flour, corn, oats, beans and barley were 6d better.

The poultry market is firmer, and quotations somewhat higher.

California fresh ranch eggs are in moderate supply. The market is firm at a slight advance.

Money, Stocks and Bonds.

NEW YORK, July 25.—There was no change in the character of the trading on the stock market. The improvement, outside of sugar and a few specialties, was small. The close was barely steady at concessions, but most stocks are small fractions better. Sugar is 15¢ higher.

Government bonds were dull but steady.

NEW YORK, July 25.—On call cash closing offered at 1½ per cent.

PRIME MERCANTILE PAPER—3½ to 4.

STERLING EXCHANGE—Quiet and steady; 60-day bills, 4.87; demand, 4.88½.

Money, Stocks and Bonds.

In the quotations below, where two sets of figures appear, thus: "Central Pacific, 34½, 34¾," the first figures refer to the noon quotations and the last to the closing quotations.]

SOUTHERN CALIFORNIA.

PASADENA.

What Was Done at the City Council Meeting.

Are We to Have an Electric Road to Los Angeles?

A Gentleman Who Ought to Know Says "Yes."

The Children's Home Endorsed by the Methodists—The Grading of Bradford Street—Some Things You May Not Believe—Brevities.

A regular meeting of the City Council was held yesterday afternoon at 2 o'clock. All members were present except President Weeks. On motion, Trustee McQuillen was chosen to act as president pro tempore.

The Committee on Auditing and Finance recommended the payment of the following bills, which were approved: H. N. Farny & Co., printing, \$8.50; T. Banbury, street contracts, \$11,119.10. The latter bill was approved after a statement was read from the City Engineer, certifying that California street from a front 580 feet west of the west line of Orange Grove avenue to the east line of Arroyo Drive has been graded to the official grade in a satisfactory manner, according to the specifications. The figures are based on the following estimate: 4850.07 cubic yards at 22 cents, \$1069.19; making all on Arroyo drive, \$50; total, \$11,119.19.

J. S. Mills addressed the board in relation to the new sidewalk on West Colorado street, and the proposed plan for protecting the row of trees west of Pasadena avenue. As it now stands the curb line would about strike the center of the trees, necessitating their removal. The Trustee Committee said that the trees be cut back, and being willing to let the walk extend two or three feet off their land. The Council expressed its willingness to agree to this proposition if the railroad company can arrange the matter satisfactorily.

The committee on the construction attorney Gibson of the company, later completed the arrangements as desired with Contractor Hughes and Street Superintendent Brown.

As P. Smith presented a paper asking permission to close up a blind alley twenty-five feet in width, running east from Pasadena avenue, north of and parallel with Union street, which he had formerly dedicated to the city, but which had never been used as a throughfare. The matter was referred to the Committee on Streets and Alleys and City Attorney Attorney.

Trustee Clarke stated that more hay is stored within the fire limits than the law allows.

The meeting then adjourned.

TO LOS ANGELES BY ELECTRICITY.

The prediction made in these columns yesterday to the effect that at some time not far distant, all—or as many as can be brought up—the street cars of town will be superseded by electric runabout cars of the whole business connected with an electric road from Pasadena to Los Angeles, is well warranted.

A claim to have always been active in public affairs, and the reporter asked that the outcome will be just as represented. "You will remember," the gentleman continued, "only a few months ago, a franchise was obtained from the City Council to open an electric road over lines not operated by horse power, which extend from Columbia street on the south to Villa street on the north. The line will be from the Linda Vista car line changed hands, although it is in a state of innocuous desuetude, it is held for keeps, and don't you forget it." The reporter assured his informant that he wouldn't, while the latter continued:

"The man who gave the franchise will be in the position to hold it, and the branch could extend to Land Park, and then might connect with Prof. Lowe's mountain road in Rubio canon. The track might even be laid up Orange Grove avenue. The project is indeed a great one, worthy of a great intellect, and I sincerely hope that it will be successfully carried out. The time has arrived when the local travelling public demands the privilege of being transported almost anywhere in Pasadena and being enabled to the business center of Los Angeles without change of cars and inside of forty-five minutes. Full to the electric combine."

WOULD YOU BELIEVE

That you are happier in your vine-clad, rose-decked and pepper-tree-shaded home than in any people's abode?

The man who enjoys ice-cold beer without paying for it? Well, just a porous jug, one of those common earthenware things—in a flannel—wet flannel; pour it all around, leaving no place exposed to the air; place it, filled with water—and with clear ice cubes, in a tub; the water prefers to water—in an open window, exposed to all the air there is. Keep the flannel wet. In an hour the contents of that tub will be almost as cool as if they had been ice.

That the merchants of Pasadena are doing a bigger business at present than they used to do in the height of the mid-winter season?

That there are a few people in town who are too lazy to work and too mean to pay their debts?

That work on the sewer system is about to begin?

To no less than forty-two passenger trains arrive at or depart from Pasadena daily?

That the town has no more use for a jail than it had before it was a town?

That the recent Republicans favor peace, all reports to the contrary notwithstanding?

That the ladies are working hard to prepare a creditable exhibit for the World's Fair?

That some day some man may give us a strictly high-toned restaurant?

A GOOD WORK INDRONES.

At the recent Methodist Episcopal district conference, held in Pasadena, the following resolutions were passed relative to the Children's Home Society:

Bethel, the work of securing homes for homeless children is closely identified with our missionary and church work, and that many children may thus be saved from vice and for Christ and the church.

Resolved that we are in sympathy and rejoice in the work of the Children's Home Society, which is being introduced and organized in this State by Dr. J. R. Townsend, wife of Pasadena, and that we endorse the work they represent.

Resolved that we recommend them and the work of their society to our churches, thus cooperating in their services for God and humanity.

PASADENA BREVITIES

Rolent Catherwood, who broke his leg going to the city, visiting friends.

Crown Chapter, R.A.M., will meet this evening.

Nothing to complain about in this weather.

Seats will be placed on sale today at Sesserott's for Jack's Creole Burlesque Company's performance, which will appear

SAN BERNARDINO COUNTY

The Crusade Against the Social Evil.

Effort Being Made to Rid San Bernardino of Fallen Women.

Twenty-seven Warrants Issued and Sixteen Arrests so Far Made.

Quick Work in Catching a Burglar—Horses Cremated—Runaway Boys at Riverside—Slight Earthquake—Notes.

SAN BERNARDINO.

A desperate effort is being made to rid this city of the many dissolute women who now infest it, or at least to force them to find quarters in a less conspicuous portion of the city. The most of the bawdy houses are now in a residence portion of the city, in plain view of passengers on the Santa Fe. The police are on the alert, and those who are pursued in catching them to have them arrested as vagrants. People living in the vicinity of these houses have already begun the campaign against them, and twenty-seven warrants have been sworn out against as many "girls," charging them with vagrancy, and sixteen arrests have already been made. A few names cannot be found, and no attempt has been made to serve warrants upon others. Their trials begin this morning before Justice Knox, and legal talent has been secured to make a vigorous defense.

Justice Rose yesterday sentenced a vag

to five days in the County Jail. Constable Slater accompanied the gentleman of leisure to his destination.

H. C. Brown gave visitors today to print his studies in the office of one of the leading attorneys of that place.

A daughter was born Sunday to the wife of F. J. Decker. The proud papa was kept busy yesterday dispensing cigars.

The Hotel Green tennis court has been put in good condition thanks to the enterprise of the general manager.

Everybody is invited to attend the social to be given this evening by the young people of the First Congregational Church.

Co held a drill at the armory yesterday evening. Next Friday the members will have a target shot at the armory range.

NEWS AND BUSINESS

The Weather.

U. S. WEATHER OFFICE, LOS ANGELES
July 25, 1892.—At 5 a.m. the barometer registered 29.96; at 5 p.m. 29.94. Thermometer for corresponding hours showed 62° and 67°—Maximum temperature, 76°; minimum temperature, 59°. Character of weather, partly cloudy.

Save your money by subscribing for shares now in the California Land and Improvement Association, which can save \$10 per month on your present earnings. Invest this in ten shares in above named association and you will never regret it. You can save paying rent by borrowing from us, as we buy houses at prices so easy terms. These in first series are now worth \$100. \$1. \$66 paid in and \$43.51 profit. This amount we pay in cash to withdraw shares—a profit of 24 per cent. per annum on the investment. See the secretary, L. T. Moore, room 107, No. 10 North Main street, for further information.

No. 1 Catalina! The Los Angeles Terminal Railway makes direct connections at their wharf, East San Pedro, with all steamers for Avalon, going and returning. Round trip tickets on sale at \$1.50, the return trip being \$1.40, trip \$1.50, good for four days, returning Tuesdays. Good until September 30. \$3. Ship your freight via Los Angeles Terminal Railway. See special time table. Over an hour and a quarter each way is saved by this route. Suits for 25 cents served on the Hermosa on Saturday evening trips.

The St. Angelo dining-room is again open for guests. Has been refitted and re-furnished throughout in the best manner. The table is furnished in the simplest style, and the best catered to the Guests. The St. Angelo is without exception the best appointed, most healthfully located hotel in Southern California. Corner Temple street and Grand avenue. Telephone 974.

For pleasant cool rooms, a first-class table, beautiful lawns, shade trees, broad, cool porches, music, dancing, cards, and a jolly good time, where you and your children are made to feel at home at once, go to the Bellevue Terrace Hotel, Los Angeles. Rates reasonable.

The Southern Pacific will run a special to the Chautauqua Assembly at Long Beach this evening, leaving Arcadia depot at 6:10. Returning train will leave Long Beach after performance. Round trip, including coupon of admission, 75 cents.

For pleasure and comfort go to Catalina and stop at the Grand View Hotel, every room an outside room, 1900 feet of piazza. Music hall and bath rooms free to guests. Table first-class. Rate \$2 per day. Special rate by the week.

Los Angeles to Long Beach and return 50 cents, or to Santa Barbara and return 50 cents, on the Los Angeles Terminal Railway, good going Saturday or Sunday and returning Saturday Sunday and Monday.

If you are thinking of going to Catalina, save an hour's time on the ocean by taking the Santa Pacific Company's trains connecting with the elegant steamer Hermosa at San Pedro.

Gas stoves with atmospheric burners Seventy-five per cent. of air is used. A three-burner is only \$7. On exhibition at F. E. Brown's, No. 314 South Spring street.

If you intend to visit Long Beach, take advantage of the comfortable cars and quick service that the Southern Pacific Company gives you.

Porterhouse steak, lamb chops, veal croquettes, peach cobbler, ices and cake at the Woman's Exchange, No. 223 South Broadway.

St. Hilda's Hall, Glendale, Cal. The next term opens September 21. An early application gives the choice of rooms.

If you take a trip to Santa Monica enjoy the comfort of a clean ride over the Southern Pacific Company's lines.

For Hot Air Furnaces go to R. E. Brown. Eastern fad, Atlantic photos, see Dewey.

There are undelivered telegrams at the Western Union Telegraph office for Elliott Brink, Thomas J. B. Bales, C. P. Austin, C. S. Blackstone Jones.

Frank Rockhill, who was injured at San Juan Sunday will probably be kept in his room for several months with his broken leg. Yesterday he was resting as easily as could be expected.

There was a match game of baseball at Athletic Park this afternoon between the Creole and Los Angeles Theater baseball clubs. A small admission fee will be charged to defray the expenses.

Among the patents issued to residents of California for the week ending Tuesday, July 21, are the following: A new method of preparing a suspension bridge, George A. Stephenson, assignor of one-half to J. F. Butler, can stand, Edward Thomas.

The School of Pedagogy, which was established by Dr. W. H. Gray, in New York in 1880, to give higher training to persons who have devoted themselves to teaching as their calling, is shown by circulars, which have been received by The Times, to be in a flourishing condition, having 450 students.

Herman Boettcher is trying to get up a subscription of \$1500 to send a competent man to Australia to work with Inspector Koebell, now in that country, to secure and bring to Los Angeles *curculios*, or the beetles which can be found in the extermination of the beetles. Mr. Boettcher heads the list with \$100.

The installation exercises of Gen. Alex McD. McCook garrison, No. 27, Regular Army, and Navy Union of America took place yesterday in the hall on South Spring street, and were well attended. Addresses were delivered by Capt. H. W. Bennett and M. H. Hanson. After the exercises were concluded there was a dance.

Arthur Bray is in charge of the misspellings department of the County Clerk's office, has tendered his resignation to take effect August 1. Mr. Bray will enter the race for the recordership nomination, a position with which he is familiar, having been chief deputy during the administration of Recorder Frank A. Gibson.

Articles of incorporation were filed with the County Clerk yesterday, by the California Oil and Asphalt Company, formed for the business of mining oil and asphalt, developing land, and doing in the same, with a capital stock of \$100,000, of which \$27,500 has been actually subscribed. Its board of directors consists of W. D. Merrihew, Fred Stock, G. R. DuBois, Charles F. Howland and C. F. Cronin, all of this city.

The semi-annual statement of the Nevada Bank of San Francisco, dated July 1, has been received and shows that institution to be in excellent condition with total assets amounting to \$1,474,329.21. When J. W. McLean, president, presented the statement of the bank it was agreed, in order to place on a more substantial foundation that no dividends would be paid during the succeeding two years. The time has elapsed, and on the 15th inst. a dividend was declared. Since then there has been a marked advance in the value of Nevada Bank stock.

PERSONALS.

James King and H. C. Foster of South River are at the Nadeau.

W. S. Bassett and W. M. Grimes of San Francisco are registered at the Nadeau.

Ted Marks, manager of Charles Frohman's Glorianna Company, is at the Nadeau.

Mrs. A. M. Curry of Brooklyn, Mrs. F. H. Slayter of New York and Miss M. Cooper of Orange, Cal., are guests at the Nadeau.

Mrs. George P. Phibbs, wife of the Deputy City Attorney, who has been seriously ill for the last six weeks, is convalescing rapidly.

SEASIDE REPORTS.

The season, so far, has been too chilly for those places that rely upon sun-bathing receiving the amount of patronage necessary to insure success. This is not the case at Coronado. Its magnificent swimming tanks are kept at a temperature, be it noted, of the cold tanks which meet all the requirements of patrons, while the more hardy and vigorous seek the rough surf, which, though colder than the tanks, always show a temperature five and ten degrees warmer than at Santa Monica, Redondo or Long Beach.

Highest of all in Leavening Power.—Latest U. S. Gov't Report.

CRIME AND CRIMINALS.

An Ex-Convict Captured by Officer Goodman Yesterday.

Evidence Showing That He Has Been Engaged in House-breaking at Vernon.—The Master Burglar Before Justice Owens.

Officer Goodman made a good capture yesterday in the person of Robert Black, an all-around crook, who was sent to San Quentin from this country about eighteen months ago for robbing a hotel at Downey. He was released in February last and reappeared in this city a few weeks ago, and was at once recognized by the police detectives, who have kept an eye on him ever since. Several houses have been burglarized in and around Vernon since his return, and as he made that section his headquarters he was at once suspected.

Goodman caught him in the act of pawing some watches early yesterday morning on Upper Main street and ran him in. At the central station he was searched, and several articles found on his person were identified as belonging to the Vernon victims. The police have worked up a strong case against him, and it is more than probable he will get a long term this time.

Chief Glass has been digging up his past history and has learned that several years ago he was sentenced to two years' imprisonment in Colorado for robbing a bank in California City. After he was released he made his way to this city and committed the Downey robbery. Crooks will learn some day that Los Angeles is not a good climate for evil doers.

Two Grain Thieves Caught.

The Sheriff's office yesterday made another clever capture and landed a couple of dangerous thieves in the County Jail. For some time past grain has been disappearing from Garvey's ranch, but there was no clew to the thieves. Yesterday morning early, when Garner, the foreman, started on his rounds, he discovered that twenty-six sacks of grain were missing from a room near the house. There were fresh footprints and wagon-tracks about the place, showing that the robbery was very recent. Garner at once got a saddle-horse and started on the trail, following up the thieves, a couple of young Mexicans, driving a two-horse wagon, on which was the grain, near the Laguna ranch. Garner hailed the Mexicans and they pulled up and waited for him. In the hurry of getting off, Garner had forgot to arm himself, and when he told the Mexicans they might consider themselves under arrest they showed fight, standing the foreman off, standing the foreman off.

Garner then went to Downey and telephoned the Sheriff's office, and in a few minutes Deputies Barham, Cruz, Russell and Bowler were on their way to Downey. Russell and Bowler secured a gun and started in pursuit. Deputies Garner and H. C. Bowler had secured a gun and started in pursuit. The fugitives neared the old Lugo ranch house, three miles from Downey, about noon, when one of the men jumped from the wagon and took to the willows. The other man remained in the wagon and quietly surrendered.

Garner then went to Downey and telephoned the Sheriff's office, and in a few minutes Deputies Barham, Cruz, Russell and Bowler were on their way to Downey. Russell and Bowler secured a gun and started in pursuit. The fugitives neared the old Lugo ranch house, three miles from Downey, about noon, when one of the men jumped from the wagon and took to the willows.
